B1.05-2 (CONT'D)**SPECIAL NOTES****DELIVERY CONDITIONS FOR FOB DESTINATION DELIVERY ITEMS**

a. Delivery to FOB Destination points **shall only** be made by Contractor furnished trucks with working calibrated meters, working pumps and a minimum of 15 feet of hose. Truck meters and pumps must be able to function without access to on-site electricity at delivery points. A licensed company operating within the country where trucks are registered/operated must calibrate contractor's truck meters. Contractor shall only use trucks that have been approved by the Contracting Officer or other authorized U.S. Government representative. An authorized U.S. Government representative must approve any change in delivery trucks. Contractor shall have local and international fittings and connectors. A contractor representative will verify that working calibrated meters and working pumps are on the truck designated for loading. Trucks not meeting stated criteria will be rejected. All delivery trucks must have equipment available to prevent and clean up fuel spills and leaks. Additional inspection of Contractor's delivery trucks will include the verification of 1) previously carried product (contractor may be requested to provide documentation regarding the product previously carried in the trucks to be loaded); 2) safety conditions of delivery trucks; and 3) vehicle integrity.

b. All deliveries shall be made on the day specified in the delivery order provided the Contractor shall have received the order at least 48 hours prior to the day so specified. Deliveries must be made between the hours of 0800 - 1500 hours Monday through Saturday to the destination point annotated in the delivery order unless otherwise specified in writing by the Ordering Officer. Any change in delivery date or destination point must be authorized and approved in writing by the Ordering Officer.

c. The Contractor shall provide a minimum of one (1) hour free time for off-loading each delivery truck. Contractor shall present delivery truck and product in such condition at destination point/receiving activity as to permit complete off-loading within the prescribed free time. Contractor trucks arriving outside the established delivery schedule in this contract or the times stated on the order may have to wait, at the contractor's expense, to off-load until the next delivery day. Upon arrival of Contractor's truck, the receiving activity shall promptly designate the delivery point into which the load is to be discharged. Notwithstanding the above required free time, the receiving activity is entitled to at least the same amount of free time allowed by the common carrier or that the Contractor normally allows its regular commercial customers. Contractor shall be paid for detention/demurrage beyond free time for delays caused by the receiving activity. The U.S. Government will not pay more in detention/demurrage rates than the actual rate charged by the common carrier or the rate the Contractor normally charges its regular commercial customers, whichever is less. Any incurred detention charges shall be submitted to the paying office using line item 8888-88. The Contractor's invoices shall clearly state the delivery point where detention/demurrage charges occurred, the number of hours charged, detention/demurrage costs and extended dollar value. All claims for detention/demurrage shall be supported with a copy of the Receiving Report (DD Form 250) clearly indicating times of arrival and departure from destination and signed by the cognizant SFOR representative.

d. The Contractor shall provide properly maintained delivery equipment and properly trained delivery personnel to reasonably assure that delivery can be made without damage to vegetation and pavement adjacent to storage facilities being filled. B19.02 ECONOMIC PRICE ADJUSTMENT (OVERSEAS) (DESC AUG 2000)**(a) WARRANTIES.** The Contractor warrants that--

(1) The unit prices set forth in the Schedule do not include allowances for any portion of the contingency covered by this clause;
and

(2) The prices to be invoiced hereunder shall be computed in accordance with the provisions of this contract.

(b) DEFINITIONS. As used throughout this clause, the term--

(1) **Award price** means the unit price set forth opposite the item in the Schedule.

(2) **Reference price** means the independent index or established price set forth in this clause with which the award price is to fluctuate. The reference price should be a price for the same or similar product(s) as the item being purchased.

(3) **Independent index** means an index measuring the general rate and direction of price movements for a commodity within a market which is beyond the control of the Contractor. Examples of such indices would include a wholesale price index such as that published by the Bureau of Labor Statistics.

(4) **Established price** means one that is an established catalog or market price for a commercial item as defined in FAR 2.101, Definitions.

(5) Date of delivery means--**(i) FOR TANKER OR BARGE DELIVERIES.**

(A) **F.O.B. ORIGIN.** The date and time vessel commences loading;

(B) **F.O.B. DESTINATION.** The date and time vessel commences discharging;

(ii) **FOR PIPELINE DELIVERIES.** The date and time product commences to move past the specified f.o.b. point; and

(iii) **FOR ALL OTHER TYPES OF DELIVERIES.** The date product is received.

(c) ADJUSTMENTS. The prices payable under this contract shall be the award price increased or decreased by the amount, determined according to the following formula, that the reference price shall have increased or decreased, to and including the date of delivery.

(1) The amount of increase or decrease in the award price shall be--

(Buyer - Check appropriate box and complete applicable blanks.)

☐ The same number of cents, or fraction thereof, that the reference price increases or decreases per like unit of measure.

☐ The number of cents, or fraction thereof, determined by the ratio of \$ _____ per gallon for each \$ _____ per barrel that the reference price increases or decreases.

☐ The number of cents, or fraction thereof, at the rate of \$ _____ per gallon for each \$ _____ per barrel that the reference price increases or decreases.

(2) The reference price with which the award price for the listed item is to fluctuate (and which is more fully defined in the Table below) is--

☐ (i) The low price published in _____.
(name of publication)

☒ (ii) The average of the prices published in Platt's Oilgram Price Report.
(name of publication)

☐ (iii) The established price posted by _____.
(name of company)

and published in _____.
(name of publication)

(3) **COMMERCIAL.** For price adjustments utilizing **commercial** publications such as Platt's Oilgram, etc., the reference price in effect on the date of delivery shall be that item's preselected reference price that is published as dated in the Table below. An increase or decrease in any reference price published in a trade price service or in a commercial journal shall apply only to deliveries made on or after the effective date of such trade price service or commercial journal.

(4) **NONCOMMERCIAL (NOTIFICATION).** For price adjustments utilizing a reference price indicator **other than commercial** publications such as Platt's Oilgram, the Contractor shall notify the Contracting Officer, DESC-PEA of any changes in the reference price in writing within 15 calendar days from the date thereof.

(i) **INCREASES.** Any increase in unit price as a result of an increase in reference price shall apply only to deliveries made on or after the date of receipt by the Contracting Officer of a written notification from the Contractor of such increase. However, the prices payable under this contract shall in no event exceed the Contractor's posted or established selling price in effect on the date of delivery for the product supplied in the form of delivery made at the point of delivery. Also, no notification incorporating an increase in a contract unit price shall be executed pursuant to this clause until the increase has been verified by the Contracting Officer.

B19.02 (CONT'D)

(ii) **DECREASES.** If the Contractor fails to notify the Contracting Officer of any decrease in the reference price, within the allotted 15 day period, such decrease shall apply to all deliveries made on or after the effective date of such decrease. However, if any overpayment is made to the Contractor as a result of the Contractor's failure to give timely notice to the Contracting Officer of any decrease in the established price, the Contractor shall be charged interest on such overpayment from the date of the overpayment to the date of reimbursement by the Contractor for the overpayment in accordance with the Disputes paragraph of the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS clause of this contract.

(5) Where the reference price is an established price (see (c)(2)(iii) above), the Contractor warrants that the product selected is one for which, except for modification required by the specifications of this contract, the Contractor has an established price. Such price is the net price after applying any applicable standard trade discounts offered by the Contractor for his catalog, list, or schedule price. The Contractor further warrants that, as of the current date, any differences between the unit prices of the line items identified in the Schedule and the Contractor's established price for like quantities of the nearest commercial equivalents of such contract items are due to compliance with contract specifications and to compliance with any requirements that this contract may contain for preservation, packaging, and packing beyond standard commercial practice.

(d) **MODIFICATIONS.** Any resultant price changes shall be provided via notification through contract modifications and/or postings to the DESC web page under the heading **Doing Business with DESC**.

(e) **FAILURE TO DELIVER.** Notwithstanding any other provisions of this clause, no upward adjustment shall apply to product scheduled under the contract to be delivered before the effective date of the adjustment, unless the Contractor's failure to deliver according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Excusable Delays and Termination for Cause paragraphs of the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS clause of this contract, or is the result of an allocation made in accordance with the terms of the ALLOCATION clause of this contract, in which case the contract shall be amended to make an equitable extension of the delivery schedule.

(f) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT.** The Contractor agrees that the total increase in any contract unit price pursuant to these economic price adjustment provisions shall not exceed **60** percent of the award price during the first program year or of the unit price in effect as of the start of any subsequent program year (if this is a long-term or multiyear program), except as provided hereafter:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the reference price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill pending or future orders for such item, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing.

(g) **REVISION OF REFERENCE PRICE INDICATOR.** In the event—

- (1) Any applicable reference price is discontinued or its method of derivation is altered substantially;
- (2) The reference price is an average of published or posted prices, and any one price ceases to be published or posted;
- (3) The reference price is published in a trade price service or commercial journal and such publication ceases to publish said

reference price or changes its method of quoting prices; **or**

(4) The Contracting Officer determines that the reference price consistently and substantially failed to reflect market conditions—the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustment described hereunder. The contract shall be modified to reflect such substitute effective on the date the indicator was discontinued, altered, or began to consistently and substantially fail to reflect market conditions. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with the Disputes paragraph of the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS clause of this contract.

(h) **CONVERSION FACTORS.** If this clause requires quantity conversion for economic price adjustment purposes, the conversion factors for applicable products, as specified in the CONVERSION FACTORS clause, apply unless otherwise specified in the Schedule.

(i) **EXAMINATION OF RECORDS.** The Contractor agrees that the Contracting Officer or designated representatives shall have the right to examine the Contractor's books, records, documents, or other data the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause.

(j) **FINAL INVOICE.** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

K15 RELEASE OF UNIT PRICES (DESC JUL 2002)

(a) The Defense Energy Support Center (DESC) has routinely released the unit prices of successful and unsuccessful offerors to interested parties at the conclusion of the procurement. These unit prices are the bottom-line price per unit of product. Unit price may include the total contract price. They do not include any breakout of costs, such as transportation or overhead, and do not disclose the offeror's anticipated profit or any pricing factors. This information has been released pursuant to the Freedom of Information Act in various formats, including abstracts of offers received, bid evaluation model reports, notices to unsuccessful offerors, and other summary formats. Updated contract prices are also publicly posted on the DESC website throughout the delivery period of some contracts. Offerors have not objected to DESC's routine release or disclosure of these unit prices.

(b) DESC does not believe that release of unit prices after award causes any competitive harm. If the offeror disagrees, the offeror must provide a detailed explanation of how it will suffer competitive harm from the release of unit prices after award. The competitive harm explanation is required if the offeror either agrees to release award prices only, or does not agree with releasing any unit prices. This detailed explanation must be provided with the initial offer. DESC will use this information to determine if there is a sufficient basis to withhold the unit price after award. The offeror's indication of disagreement with release of unit prices and/or failure to provide a detailed explanation of competitive harm with the initial offer may result in release of unit prices after award. Failure to agree to the release of unit prices shall not be a factor considered in contract award.

(c) Offerors shall indicate their agreement below to the release of unit prices after award. **NOTE:** The offeror's agreement or disagreement with release of unit prices must apply to all items and may not be split to apply differently to different line items.

☐ Offeror **AGREES** to the release of unit prices.

☐ Offeror **AGREES** to the release of unit prices, but only in the event of contract award. Detailed rationale as to why the release of unit prices of unsuccessful offers would cause competitive harm is attached.

☐ Offeror **DOES NOT AGREE** to the release of unit prices. Detailed rationale as to why the release of unit prices would cause competitive harm is attached.
